

Four to Eight

Beautiful simple dining

A wise man once said 'Life is too short to drink bad wine!' We at Four to Eight applaud that view and are proud to present a cherry-picked wine list to satisfy all tastes, occasions and pockets. Our selection originates from 14 different countries and ranges from small boutique producers to established iconic wines and many surprises in between.

We encourage you to discover & experiment with our champagne, sparkling and still wine but not forgetting our dessert wines to finish your meal. If you're in doubt or need a bit of inspiration don't hesitate to grab me, Patrick, your approachable in house sommelier for some expert advice.

I hope you enjoy drinking the wines as much as I have enjoyed choosing them. Indulge yourself in a sensational wine experience with us!

Salute!

Patrick Niddrie-Webb

Four to Eight Sommelier

Whilst we make every effort to ensure this list is kept up to date, the small production nature of many of our wines does mean that there may occasionally be variation on displayed vintages. In this case, we taste every replacement to ensure a wine of equivalent or superior quality.

Grower Houses

Bottle

Once affectionately dubbed "Farmer Fizz", our grower Champagnes come from some of the region's smallest producers. These houses are barely on the map, and are released to the UK on tiny allocations, and can be incredibly hard to come by. Their beauty stems from a precise expression of vintage and terroir, giving a unique personality to each bottling.
